

Guidelines for applying in MIS 2021-2027

MANAGING AUTHORITY "INTERREG 2021-2027"

This guidance contains technical information on the operation and use of the Greek Monitoring Information System (MIS) of the Interreg Programmes

- **Interreg V-A “Greece - Italy 2021-2027”**
- **Interreg VI-A “Greece – Bulgaria 2021 – 2027”**
- **Interreg VI-A “Ελλάδα – Κύπρος 2021 – 2027”**
- **Interreg IPA “Greece – Albania 2021 – 2027”**
- **Interreg IPA “Greece – North Macedonia 2021 – 2027”**

Applications to all above mentioned programs can exclusively be submitted via MIS. It is therefore highly recommended to read this document carefully before starting to use MIS.

Technical information and system requirements

MIS is a web application, which can be accessed with recent versions of most common browsers. (e.g. Google Chrome, Mozilla Firefox). The functionality of the system follows the common standards of web applications for entering and submitting data.

The users must use MIS in the official language of the program applying to (Greek or English).

Note: MIS supports only Greek and Latin characters.

The data shown in the photos have been entered for the sake of example and are in no way suggestions for registration.

More details about the user application and account management [here](#) and about the MIS User Interface [here](#).

1. ACCESS AND REGISTRATION

To submit a funding application form in the PP 2021-2027, the following requirements should be met:

- i. The organization is registered in MIS.
- ii. The applicants have user account valid in the programming Period 2021-2027

The system can be accessed by clicking on the following link below:

<https://logon.ops.gr>.

Users who have had access to the MIS in the 2014-2020 programming period, under the below listed programmes, have to upgrade their account (see 1.3) to use the system developed for the 2021-2027 programming period.

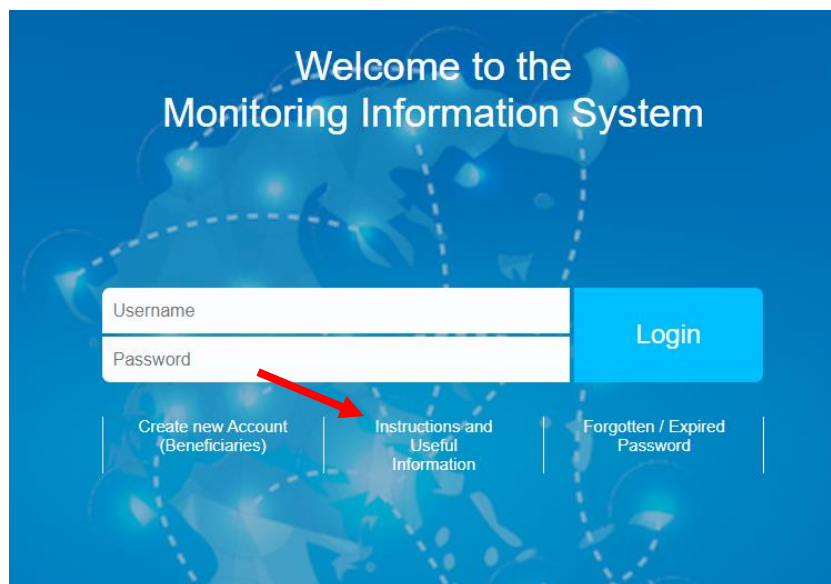

Note that the system does not limit Front-end users' access to other Programmes and Calls.

1.1. How to register the Organization (potential Beneficiary) in the MIS.

If the organization was not funded in the past programming periods by any program under the "Managing Authority of Interreg 2021-2027"¹, it is probably not registered. The organization registration goal is to create a unique code for every organization - beneficiary, or partner - participating in the system. The organization code is a mandatory for application submission or becoming a partner in a project.

To get a code for your organization:

1. On the home page of the MIS at [https://logon.ops.gr/](https://logon.ops.gr) click on the link «Instructions and Useful Information».

¹ Interreg Greece – Bulgaria 2014-2020, Interreg Greece – Cyprus 2014-2020, Interreg Greece – Italy 2014-2020, Interreg IPA CBC Greece-Albania 2014-2020, Interreg IPA CBC Greece – Republic of North Macedonia 2014-2020, INTERREG Balkan-Mediterranean 2014-2020

2. In paragraph 4, click on the hyperlink «xls»

IMPORTANT: [Password expiration and recovery instructions.](#)

Instructions

A) Accessing the System

1. In order to create a new "Beneficiary" user account the beneficiary must first complete the appropriate application form available in <https://logon.ops.gr> under the link "Create new Account (Beneficiaries)".
In order to create a new user account for a Managing Authority the applicant must contact the MIS Office designated to the user's organization.
In order to create a new user account with global privileges (Certification Authority, Auditing Authority, National Coordination Authority, Monitoring Authorities) the applicants must contact the MIS Support Service (Y OPS).
2. Users already registered in previous releases (2014-2020, Recovery Fund etc.) remain active during new release of MIS/ERGORAMA 2021-2027 without re-applying for registration. The username remains the same but the account needs enhancement with grants to PA 2021-2027 by selecting "User Profile 2021 - 2027" form from the Portal.
3. Attention: The activation e-mail may, in rare cases, be directed to the recipient's **JUNK folder** (instead of INBOX) if blocked by unsuitable mail settings. It is recommended to check these mail folders until you have received the desired mail item. Upon accessing the new application (<https://logon.ops.gr>) for the first time you may be required to (re-)define your personal password to be used henceforth in combination with your user name. The password change can be activated by accessing "Change Password" from the User icon in Portal.
In case of problems please contact the MIS Office of your Managing Authority. For contact information click [HERE](#).
4. In case of a new potential Project Beneficiary (not included in the system) please complete the organization information in the appropriate application form **(xls)** and submit it to the Managing Authority.

3. After filling in all required fields of the downloaded template (xls file), send it by email to the email address of the relevant Joint Secretariat (see Annex B) with the subject: Organization Registration| (name of the organization) accompanied by the Statute of the organization (all modifications for the past 2 years included).

The Joint Secretariat checks that all appropriate columns are filled in and confirms the name and the legal representative of the organization using the attached statutes. Then JS requests the organization's registration using the Helpdesk application.

When registration of the organization is completed, the JS mails the unique code to the potential beneficiary and its officers can apply for a user account in MIS.

1.2. How to apply for a NEW user account

1. On the home screen of MIS at <https://logon.ops.gr/> select «Create New Account (Beneficiaries)».

2. **Select** the English language and **click** on the hyperlink «Help», located at the top right of the page. Following the instructions, **fill** in the application form (all fields marked with “*” are mandatory).

3. **Fill** in the personal data and **select** the organization, on behalf you are acting.

4. **Select** a username and your access privileges to the system.

In case you need access to specific projects, **do not** check the “Access to all projects” box and **edit** in comments the MIS Codes of the projects you are assigned.

5. The user account offers the possibility to assign multiple roles/rights to the same user. Therefore, before registering, we advise you to consider the tasks, roles, and rights the user would be entitled to. **Select** your roles by **clicking** on the box in front of them.

6. For the application to be approved and your account to be activated, sent the scanned application duly sign (see 1.4-1.5)

1.4. How to duly sign the user application

A user application is considered duly signed if it includes the following:

- a. At the left bottom signature of the legal representative of the organization as «AUTHORIZED OFFICIAL». Below the signature of the authorized official should be his/her full name and title. The application must also bear the stamp of the organization next to the signature of the authorized official and a date.
- b. At the right bottom signature of the applicant, below «Requested by».

Note that:

- The user application should be signed as produced by the MIS and should not be subject to any modification.
- In case the signatures are digital, they can be inserted directly in the PDF of the application produced by the MIS, without the need for a stamp of the organization and the status of the authorized official.

Attention:

- If the application concerns the legal representative, his/her signature is placed at the bottom right, since he/she is the applicant. To the left of it should be the stamp of the institution and, below the name, the status of the applicant.
- In case that instead of the legal representative, the application is signed by another executive of the organization with increased responsibilities (e.g. Director or Head etc.), in addition to the documents attached above, the application should be sent together with the application and an authorization of the authorized official designating him/her as the responsible person of the organization for the submission of the beneficiary's application.

1.5. How to send the application for account activation

New Users

For a new user account application to be approved, the duly signed application should be scanned (saved as SN_NAME) and send by email along with its accompanying documents to the email address of the relevant Joint Secretariat (see Annex B) with the subject: User Activation Request_ SN.

Users requesting upgrade of their account.

In the «User Profile 2021-2027» form **click** Communication.

Fill in Subject and text message as follows. **Select** as Receiving Managing Authority the Managing Authority "Interreg 2021-2027" with Body Code 1100104 by **clicking** on the lens, and then **click** on AutoFill. The email of the MA will be automatically added to the next field. **Add** the email ikalaitzoglou@mou.gr and any other email (if needed).

Frequently Used Forms

Note: The dashboard contains information of your actions, so at the first login is going to be empty.

By clicking the tree horizontal lines, top left, you enter the menu of the system. The menu consists of the following electronic documents:

Evaluation and Approval

2.2 - Application Form (AF)

Monitoring

4.1 - Partner Report

4.2 - Funding Requests

4.3 - Table of Expenditure

4.4 - Progress Report

Utilities

8.1 - Project Bodies Information

8.2 - Project Folder

3. SYSTEM OVERVIEW

While using the system have in mind the following important aspects:

- Some sections can only be saved, once all mandatory fields (marked with an asterisk “*”) are filled in.
- MIS provides warnings or requests of confirmation before leaving any section of the electronic forms. Always remember to save the data before leaving a form; otherwise, changes will be discarded.
- When filling in longer sections, please remember to regularly save to avoid losing data in case of interruptions of your internet connection or other technical issues.
- Being inactive for a long period may automatically end your session for security reasons and unsaved data is lost.
- MIS uses intuitive icons for better understanding of how things are done. E.g.
Clicking on the “Trash bin” allows you to delete, the “pen” icon allows you to edit, the search icon allows you to the “information” icon allows you to read more information etc
- Any disruption in the internet connection may interrupt the communication between the server and the client computer. In such cases the following warning message is displayed: ‘Server connection lost, trying to reconnect...’. Log out and log in again.
- Please consider that **only one** user is allowed to work on an electronic form at once. Parallel sessions need to be avoided (e.g. one person is recording financial data, while the other is completing the detail description at the same time). This kind of parallel use can lead to confusion, and it may result in the corruption and loss of important data.

4. MANAGE ORGANISATION INFORMATION

All beneficiaries **are responsible** to inform the system with any modifications in the organizations’ details (e.g. Contact details, legal representative, etc).

For updating the organization's information, the user with “Submission” role, visit the [Menu | Utilities | 8.1 Project Bodies Information](#) form and makes and saves the appropriate changes.

Note that only the white fields are editable. In case there is a change in non-editable by the user fields then, the xls file must be fill in as presented in 1.1.

For uploading documentation to the organization's information, the user with any “Submission” role can upload in the attachment section all appropriate documentation.

Note that uploaded files cannot be deleted. In case of a new version, the user can upload the updated file and add relevant comments in the metadata.

For the aforementioned categories of legal entities **registered in Greece** or carrying out business activities **taxed in Greece**, the following apply:

In accordance with Directive O.I.1_3, the beneficiaries is responsible for the correct entry of the above data in the MIS and for this purpose they shall ensure the provision of an obligation to

submit such data. The managing authority or the IB shall ensure that the data are entered in full and in a timely manner by the beneficiary.

For entities that have an obligation to register in the Central Register of Beneficial Owners of Article 20 of Law 4557 /2018 as in force, a relevant printout of the data and information from the said Register shall be attached to the MIS, indicating the aforementioned data of the beneficial owner(s) of the beneficiary or the contractors (at least, name, surname, date of birth and VAT registration number or TIN number), as defined in Article 3(6) of Directive (EU) 2015/849 of the European Parliament and of the Council, which was incorporated in par. 17 of article 3 of Law 4557/18 (see Annex - Certificate of Submission of Declaration of beneficial owners).

Please note that if all possible means are exhausted and no person is identified as beneficial owner, the natural person(s) holding a position of senior management of the organization may be considered as beneficial owners.

It should be noted that in case of updating the data of beneficial owners, the beneficiaries must enter the updated data in the MIS or the SAMIS (State Aid Projects) within the deadlines set out in Law 4557/2018 into force, as well as in the relevant delegated Acts.

Organization information update will be done under the responsibility of the legal representative or the authorized officer with submission role. All documentation concerning an organization will be stored in this form. During the life cycle of a project, any Authority who needs this documentation must find it in this section.

Note that in the process of project assessment, the Joint Secretariat/Managing Authority will check the information registered.

5. APPLYING FOR A CALL – CONCEPT NOTE

To create a concept note **click** on “[Create](#)” in the [Menu | Evaluation and Approval | Application Form](#) page, where all applications created will be listed. The user will be able to select a project to read/edit/submit/delete.

For submitting a concept note, **click** [Create](#).

In the pop-up window that appears, **select** [Create](#), then **click** on the [search](#) icon to select Operational Program / Axis you are applying for financing and the Call. Fill in as title “Concept Note for (title of the project)” and **click** on [Accept](#).

Then you are navigated to the detailed form where, before you fill in any data, you must **click** [Create](#).

In the form header, the fields Project and ID will be automatically filled with a unique number corresponding to your project (hereafter MIS Code) and a unique number corresponding to this specific version of the document created (hereafter Document id). Upon creation the project version is set to 1.0 by default and the status “Under Submission”. After submission the status changes gradually to “Submitted”, “Under Processing”, “Checked” until its approval by the MA, when it becomes “Approved”.

A record has been added to the Attachments' table.

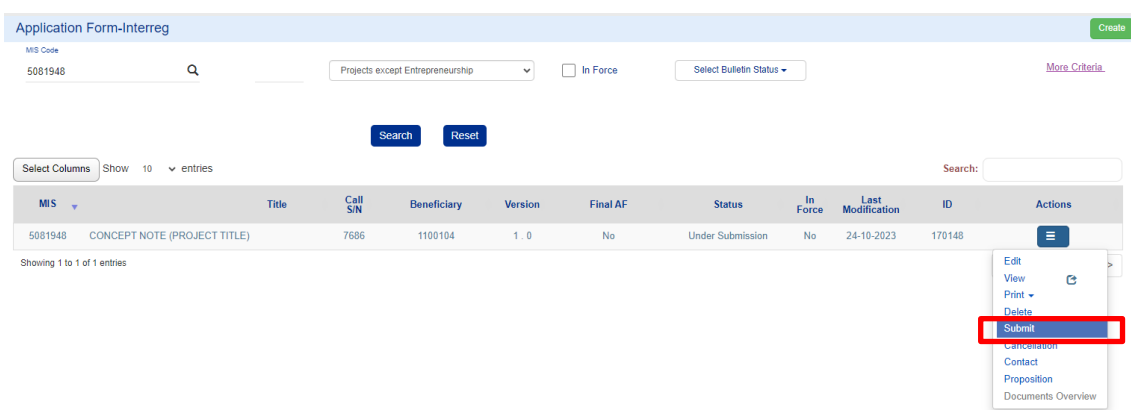

After the completion of all mandatory fields, **click** on the [Validation Checks](#) to check for logical mistakes in the electronic form.

In case that there is no error, the user with submit AF role can submit the application form as follows:

Return to the search page by clicking on Previous page.

Search and find the relevant concept note and select from the list of actions, [submit](#).

The system navigates you to the detail form, where you **click** [Submit](#).

An action confirmation pop up appears. Before the submission, automatic checks run to prevent the submission of an incomplete AF. In case there are no errors, **click** on [OK](#).

Action Confirmation

You can fill in a comment or relevant documentation. Especially for 'Submit' and 'Return' actions, fill in a short message to the recipient up to 500 characters.

Do you want to proceed Submit ?

OK

Cancel

A notification is mailed after the successfully submission of the concept note.

6. SUBMISSION OF AN APPLICATION FORM FOLLOWING A CALL WITH ONE STAGE OF ACCESSMENT OR A STRATEGIC CALL

The following instructions relate to the procedure for submitting an application form for the following calls for proposals:

- Strategic calls
- Calls for proposals with ONLY one assessment stage.

Go to the AF search screen via the [Menu | Selection and Approval | Application form - Interreg](#), where criteria are listed to search for funding applications/Afs already created. The user can edit, delete, read, etc. a funding application from the results table via the Actions column.

To create an AF, **select** "Create"

The screenshot shows the 'Application Form ETC' search interface. At the top right, there is a navigation bar with 'Tasks 0', a home icon, 'English', 'Help', and 'ADMIN5_INTERREG'. Below this, the title 'Application Form ETC' is displayed. A search bar contains 'MIS Code' and 'Call S/N' with search icons. To the right, there are filters for 'Document...', 'Projects except Entrepren...', 'In Force', and 'Select Bulletin Status'. A 'More Criteria...' link is also present. At the bottom, there are 'Search' and 'Reset' buttons. A red box highlights a green 'Create' button in the top right corner.

In the pop-up window that appears, **select** [Create](#) and then **select** the Operational Programme/Axis and Call to which you are applying for funding. Fill in the project title and **click** on the [Accept](#).

The screenshot shows a pop-up window titled 'Create an Application Form'. It contains four radio button options: 'Create', 'Create New Version', 'Copy (new Mis Code)', and 'Create AF for Project Completion'. The 'Create' option is selected and highlighted with a red box. At the bottom right, there are 'Accept' and 'Close' buttons.

Users are asked **to complete all** sections as follows:

A. Project Identification

The project title is filled in but is an editable field that can be updated.

In section A you complete the following fields:

1. The title of the project in English twice.
2. The acronym of the project.
3. Select the dialogue box "Strategic importance" and briefly explain why it is of strategic importance.
4. The start and end dates of the project

A. Project Identification

Call: 8546 Project of Strategic Importance on the Specific Objective 7.3. "Protection and Socio-economic Integration of Third Country Nationals"

Call Body: 1100104-MANAGING AUTHORITY "INTERREG 2021 - 2027"

Project Title: STRATEGIC PROJECT

1 Project Title (English): STRATEGIC PROJECT

2 Acronym: STRATEGO

Type of Project: Projects except Entrepreneurship

3 Major Project: STRATEGIC

MA Protocol/MIS Submission: eg. 30-12-200 HH : MM

Version Type: Initial Final Application Form

4 Start date: 01-04-2024 End Date: 05-07-2026 Total Months: 27,13

In the categorization table, values should be selected for ALL of the following categories:

1. Specific Objectives
2. Intervention Field (INT)
3. MACRO-REGIONAL AND SEA BASIN STRATEGIES (SEA)
4. Territorial delivery mechanism and territorial focus (TDM)
5. Form of financing (FIN)
6. Economic Activity (ECO)
7. COFOG2 (Classification of the functions of government)

The system automatically populates the categorization table for categories 1-6. The user must delete values in the categorization that are not relevant to their project and complete the Percentage field appropriately.

Attention! The user should not delete categories that have been pre-populated by the system and have a unique value. In these categories he will enter the percentage of 100%.

To select category 7, the user must **select** "Add" to the classification table.

Classification Add

Category	Code	Title	Percentage	Actions	Targets Analysis
Specific Objectives	ISO7.3	Protection and economic and social integration of third-country nationals	<input type="text" value="100,00"/>		
	Total Per Category		100,00

D1. Budget per Deliverable

In section D1 the Budget of the project will be divided into deliverables. The process is completed by completing two tables in the online form.

The first table defines the project packages and each package deliverables and the second table defines the budget of each deliverable by partner and expenditure category.

In more detail:

Work Packages / Deliverables table

To complete the table, **select** [Add](#)

Work Packages / Deliverables							<input type="button" value="Download Excel"/>	<input type="button" value="Import from Excel"/>	<input type="button" value="Add"/>
Work package code	Work Package sn	Title	Start Date	End Date	Eligible Public Expenditure	Actions			

In the pop-up window that appears you enter the following information:

- 15.** Work Package SN
- 16.** Description of Work Package
- 17.** Start date of Work Package
- 18.** End Date of Work Package

Add Work Packages
✕

8 Work Package sn *

9 Title *

10 Start Date *

11 End Date *

After filling in all fields, the user **selects Accept** the data is transferred to the table. You can complete up to 6 work packages.

To fill in the deliverables of each work package, the user selects the green cross in front of each table entry.

Work Packages / Deliverables Download Excel Import from Excel Add

Work package code	Work Package sn	Title	Start Date	End Date	Eligible Public Expenditure	Actions
<input type="button" value="✚"/>	20979	1	MANAGEMENT	05-04-2024	05-04-2024	262.000,00 <input type="button" value="🗑️"/> <input type="button" value="🔍"/>

Edit Deliverables (Deliverable code: 48300 - ID: 48299)
✕

Package **1 - MANAGEMENT**

Deliverable Number *

Title *

Select Accept and continue with the entry of the next deliverable of this work package. Repeat the process for each work package.

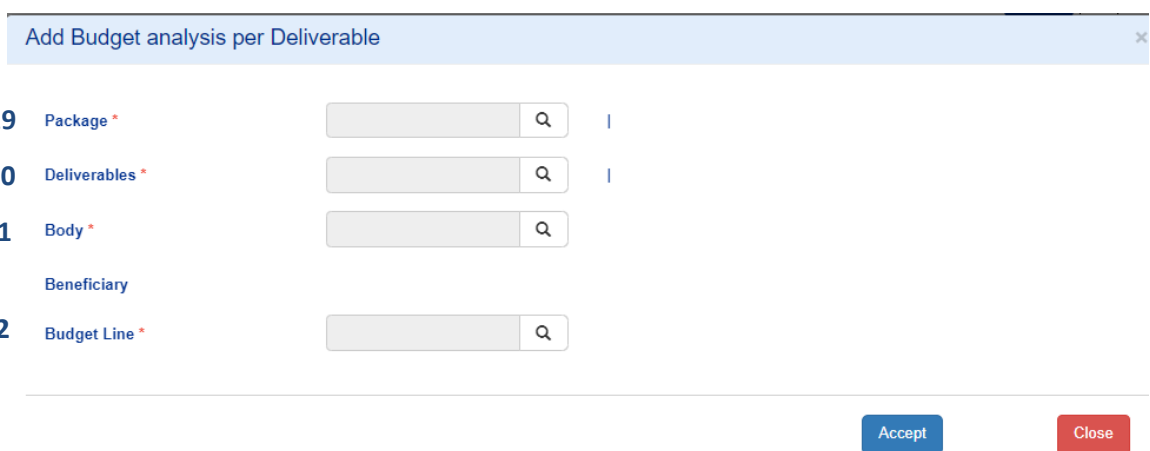

Budget analysis by deliverable

This table will provide a breakdown of the budget by partner, deliverable and expenditure category. The process starts by **selecting Add**.

In the pop-up window you **select** from the corresponding lists, in this order, the following:

- 19. Work Package SN
- 20. Deliverable
- 21. Lead Beneficiary or Partner
- 22. Category of Expenditure

Finally, the corresponding budget per entry is entered in the table.

Budget analysis per Deliverable

Title	Work Packages	Deliverable sn	Title	Body Code	Subproject code	Budget Line	Eligible Public Expenditure	Actions
1 MANAGEMENT		1	DELIVERABLE 1_1	1090223	211425	2 Staff Cost (Real cost)	12.000,00	[Edit] [Delete]
1 MANAGEMENT		1	DELIVERABLE 1_1	1100104	211423	2 Staff Cost (Real cost)	150.000,00	[Edit] [Delete]
1 MANAGEMENT		2	DELIVERABLE 1_2	90260049	211424	1 Staff Cost (flat rate)	100.000,00	[Edit] [Delete]
Total							262.000,00	

At the end of section D1, in the table of public expenditure of the project, a breakdown of the project budget by type of expenditure category is presented. This table is not editable.

Budget Allocation per Budget Line

Type of Expenditure	Budget Line	Eligible Public Expenditure
Flat Rate Cost	1 Staff Cost (flat rate)	100.000,00
Real Cost	2 Staff Cost (Real cost)	162.000,00
Total Expenditures Based on Invoiced Documents		162.000,00
Total		262.000,00

Important note:

As described in the project implementation manual WP1 should include the Management Costs, WP2 the Communication Costs and WP6 one thematic WP for all activities to be implemented outside the Programme area. If there no activities to be implemented outside the Programme area, the WP6 will not be used.

D2. Total Budget

In this section:

The budget breakdown by Partner (also known as Sub-project) is presented,

Budget per Beneficiary

Show 10 entries Search:

ATP	S/N	Beneficiary	Subproject code	VAT Recoverable	Total Public Expenditure	Amount of VAT	Eligible Public Expenditure	Private Funding	Co Financing Rate
634300	1	1100104	211423	No	150.000,00	0,00	150.000,00	0,00	-
634300	2	90260049	211424	No	100.000,00	0,00	100.000,00	0,00	-
